

## NSPE-PAC 2016 Kickoff Email

Subject: Support NSPE-PAC, the Only PAC Dedicated Solely to Professional Engineers

Dear NSPE Members,

I am reaching out to you today on behalf of NSPE-PAC. As many of you are aware, NSPE-PAC is a bipartisan political action committee that helps elect candidates who support professional engineers.

By ensuring that our representatives in Washington make wise choices on legislative issues, NSPE's political action committee helps build a better future for professional engineers. A contribution to NSPE-PAC delivers an unmistakable message to candidates. By pooling resources, NSPE-PAC provides support in amounts far greater than is possible for any individual. More importantly, candidates will know they have a powerful constituency within the engineering community, a constituency whose interests they'll work hard to protect.

NSPE-PAC has been working diligently to ensure that NSPE's voice will be well-represented in Congress. In fact, all NSPE-PAC-supported candidates won election in the 2014 midterms. In addition to numerous longtime engineering champions, such as Representative Daniel Lipinski (D-IL) and Representative Paul Tonko (D-NY), NSPE is delighted that two Professional Engineers, Representative David McKinley, P.E. (R-WV) and Representative Bruce Westerman, P.E. (R-AR) are currently serving in the US House of Representatives.

The NSPE-PAC only supports candidates for the US House of Representatives and Senate who have promoted professional engineers and their vital role in protecting the public health, safety and welfare. The NSPE-PAC is supported by the voluntary contributions of NSPE Members. In accordance with federal law, only individual society members and NSPE staff management can contribute to NSPE-PAC.

**Corporate donations cannot be accepted.**

**Your contribution today will ensure that NSPE-PAC can continue to have a meaningful impact at this critical juncture!**

If you would like to support the NSPE-PAC, you may contribute by either credit card or check.
