

NSPE Position Statement No. 08-130—The Design of Products, Structures, Machines, Processes and Systems

Adopted: Unknown

Latest Revision: July 2018

NSPE Contact: Practice Divisions

Professional Policy Supported: 08-Infrastructure

It is the policy of the National Society of Professional Engineers (NSPE) that licensed engineers should be in responsible charge of the engineering design process for products, structures, machines, processes, and systems that can affect the public health, safety, and welfare, NSPE urges that such design processes be accomplished by, or under the direct supervision of, a licensed Professional Engineer.
